**Bear Resistant Waste & Recycling  
Receptacles, Campground Food Storage  
Lockers, and Specialty Solutions**

# KEEPING WILDLIFE WILD

BearSaver is the original and most trusted name in bear-resistant storage. Born from a passion for wildlife and outdoor recreation, our products are engineered by people who live and breathe the backcountry. With decades of fabrication experience and input from wildlife biologists, we've set the standard for durable, accessible, and reliable bear-resistant solutions. From national parks to neighborhood trails, BearSaver stands for coexistence, safety, and performance you can trust in the wild.
