

# CE SERIES RECEPTACLES

Manufactured by the North American leaders in bear-resistant containers.

Available in single and double configurations, the **CE Model Series** refuse and recycling containers are used widely by Parks and Forests throughout North America. These heavy-duty, handicap accessible products are a good choice where accessibility compliance is a priority. The top-loading pull down chutes make these models easy to operate and easy to maintain.

CE Series Single Recycle Enclosure, ADA Compliant

CE Series Single Pull-Down Trash Enclosure, ADA Compliant
